Ingredients:

1 package (8 rolls) crescent dough (I used Pillsbury)  
26 Andes Crème de Menthe Thins, unwrapped

Preheat your oven according to the package directions of the crescent rolls.

Unroll the dough and separate into triangles. Place 2 candies near the wide end of the triangle and roll the dough up over the candy to form the traditional crescent shape, tucking in the ends if necessary.

Bake the rolls according to package directions, or until browned.

Melt remaining candies. Drizzle melted chocolate over baked rolls.

Serve warm. Store covered once the topping hardens.
